JUST LOOK AT US NOW

As I began to write this piece, I settled down with my pen, a tablet, and all my yearbooks from seventh grade on. Seventh grade seemed an eternity ago, and my classmates totally different individuals. We've all changed; just look at us now! Yet there is a common bond or goal we share — to graduate as the Class of 1984.

I noticed first of all the most obvious change, our appearances; but in noticing faces I began to connect them with the individuals of today. Have we changed that much?

There is an added dimension to each of us; besides an academic education, we have also gained an education of fellowship which comes few times in life. This feeling of kinship only belongs where there are shared memories and dreams fulfilled.

In writing this, I realize reflection is a good and useful tool; it can make us closer in the knowledge of years together and stronger in our years to come.

Just Look At Us Now

As each September nears, we, as students feel new hopes and fears. We realize that with the beginning of the school year, there are new responsibilities we must accept.

Each succeeding year, the responsibilities are greater because it is more important for us to gain the knowledge we seek. With the acceptance of these responsibilities, we find that school is not just a place for us to acquire academic knowledge. It is a place for us to better understand ourselves and our capabilities.

With the progression of the school year, we became aware of our own personal talents. We find ourselves joining band, trying out for a play, or trying our hand at a painting.

We also find that we have developed a loyalty and devotion to our school. We participate on or support our school teams whether they win or lose. Our school spirit becomes much greater and we defend our school strongly.

As the school year nears its end, we can look at ourselves and see a change. As individual personality has developed in us, we have strong opinions which we are no longer afraid to express. Close and long lasting friendships have developed. Gratitude is felt towards the teachers, who have done so much for us. We find we are more mature and ready for independence. Our high school achievements however, will remain with us long after we have gained our independence.

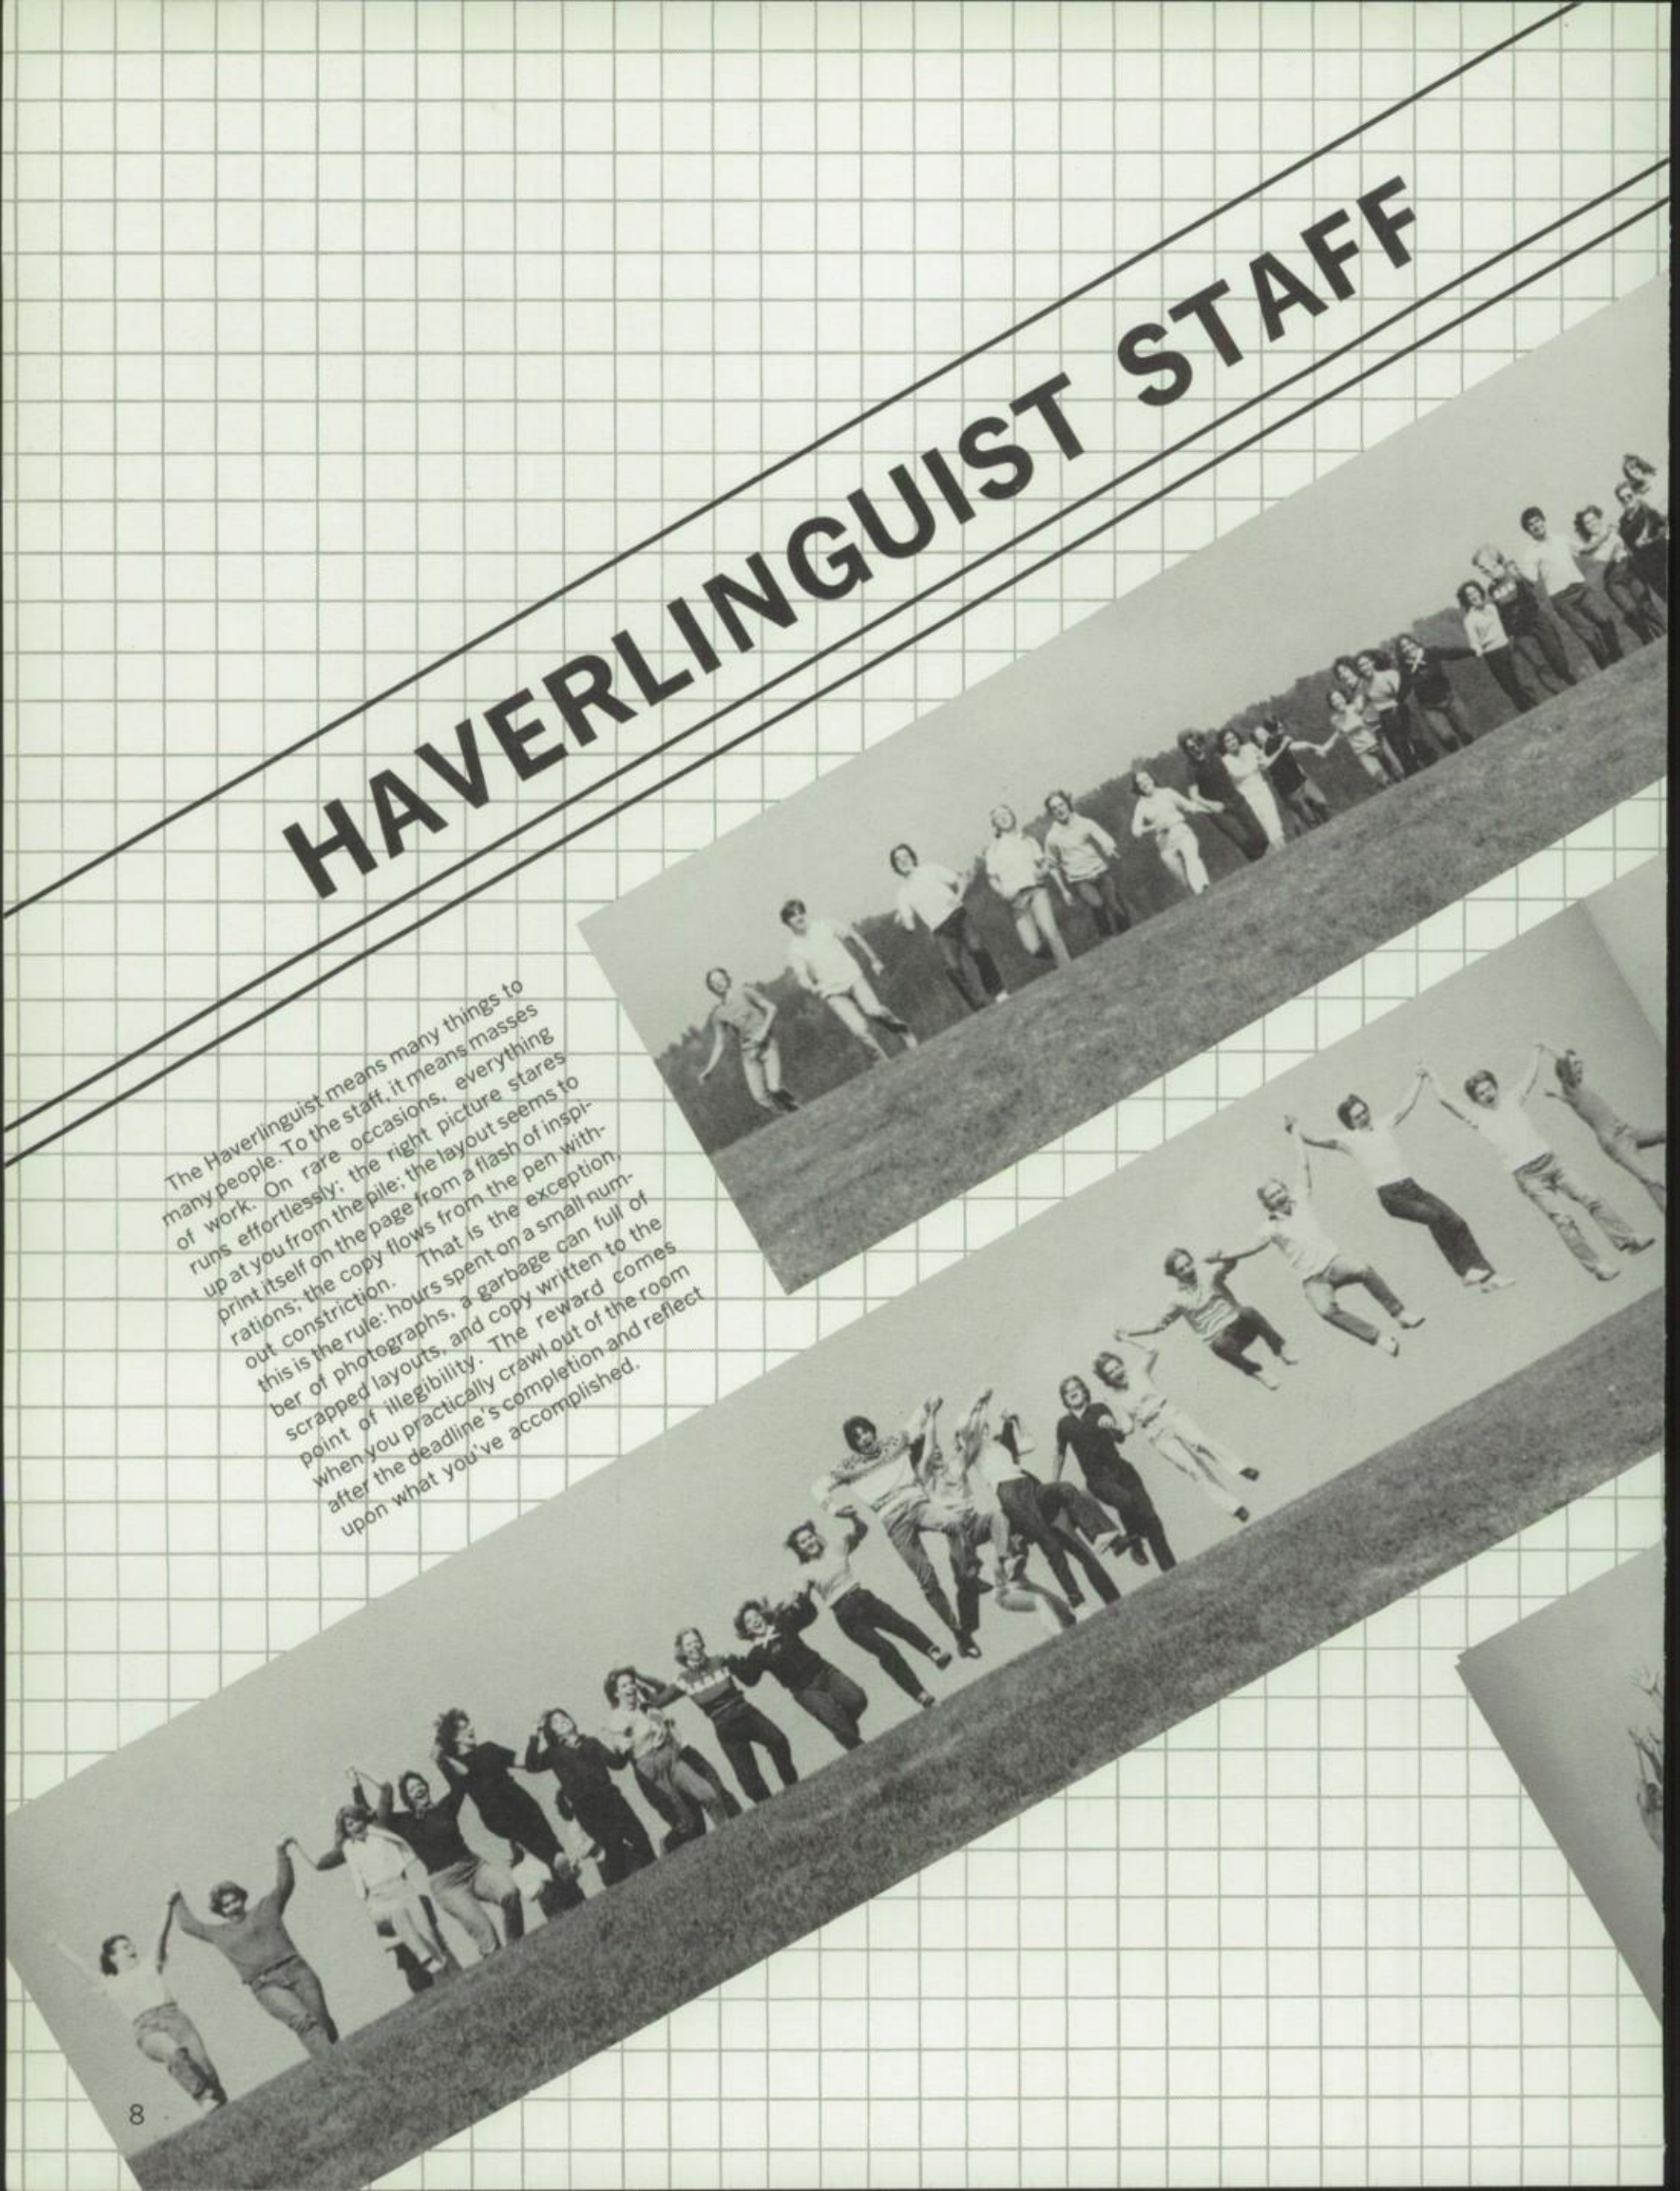
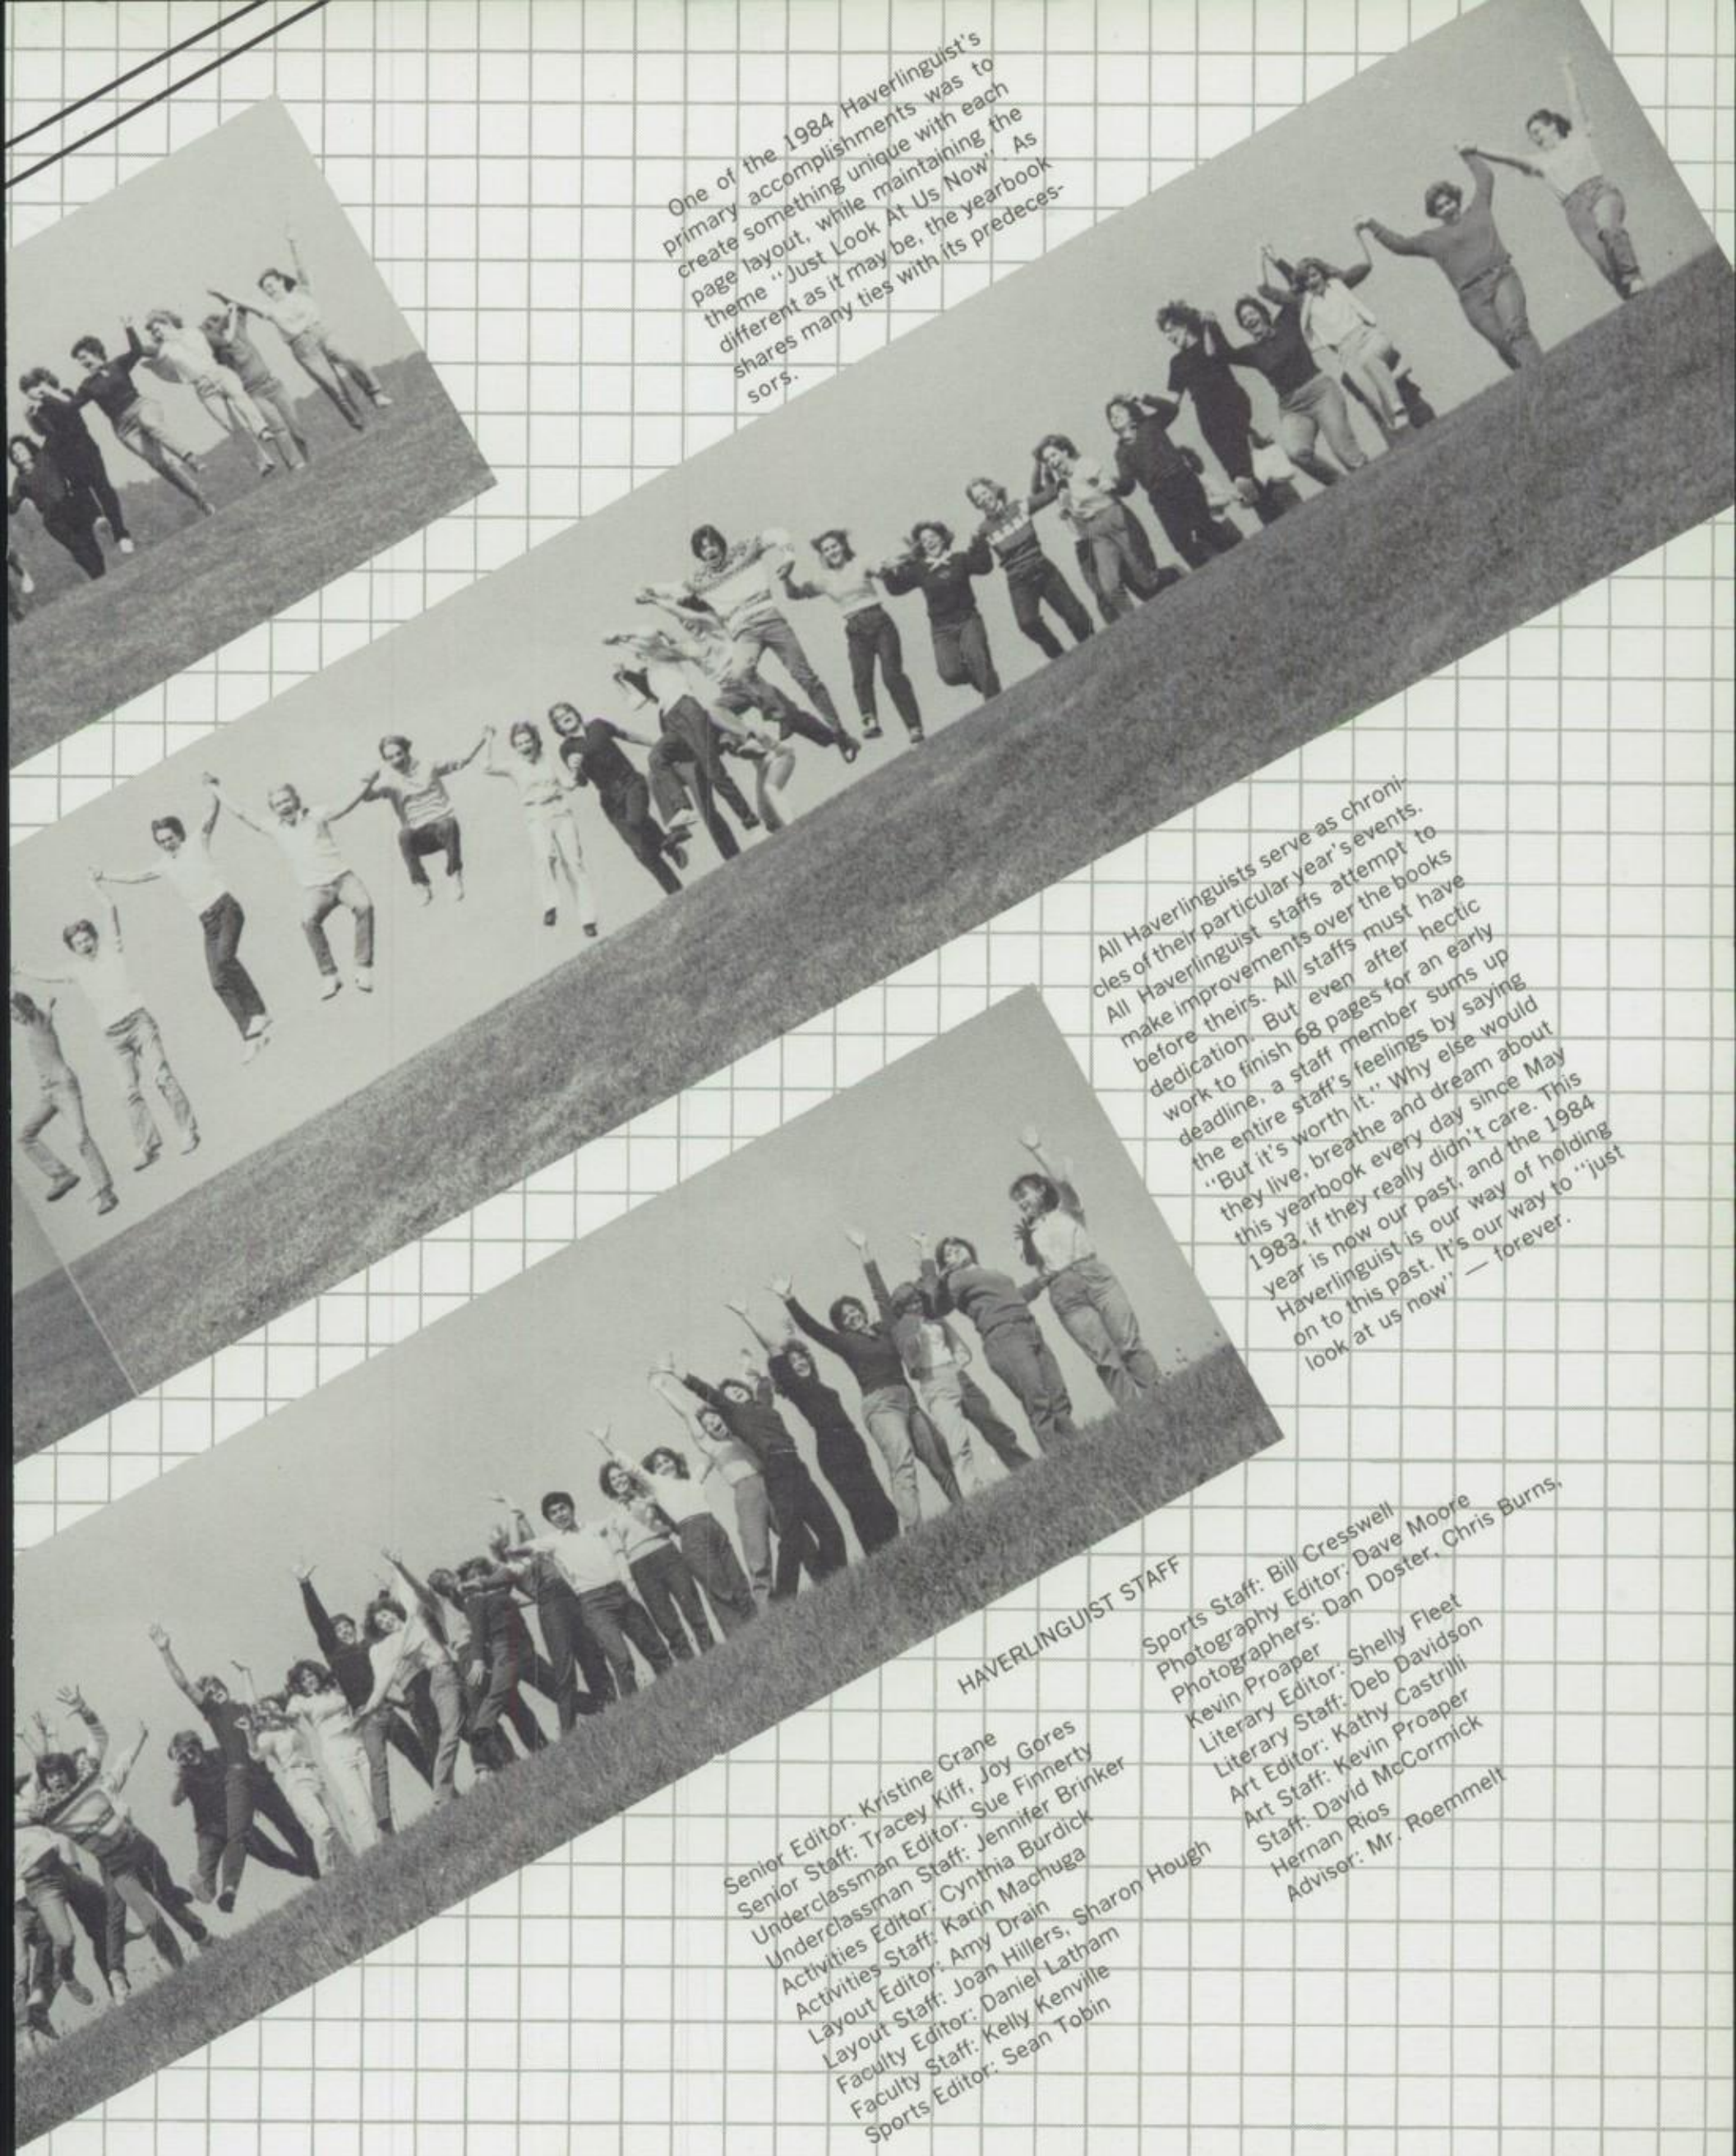
HAVERLINGUIST STAFF

The Haverlinguist means many things to many people. To the staff, it means masses of work. On rare occasions, everything runs effortlessly; the right picture stares up at you from the pile; the layout seems to print itself on the page from a flash of inspirations; the copy flows from the pen without constriction. That is the exception, this is the rule: hours spent on a small number of photographs, a garbage can full of scrapped layouts, and copy written to the point of illegibility. The reward comes when you practically crawl out of the room after the deadline's completion and reflect upon what you've accomplished.





One of the 1984 Haverlinguist's primary accomplishments was to create something unique with each page layout, while maintaining the theme "Just Look At Us Now". As different as it may be, the yearbook shares many ties with its predecessors.

All Haverlinguists serve as chronicles of their particular year's events. All Haverlinguist staffs attempt to make improvements over the books before theirs. All staffs must have dedication. But even after hectic work to finish 68 pages for an early deadline, a staff member sums up the entire staff's feelings by saying "But it's worth it." Why else would they live, breathe and dream about this yearbook every day since May 1983, if they really didn't care. This year is now our past, and the 1984 Haverlinguist is our way of holding on to this past. It's our way to "just look at us now" — forever.

HOMECOMING

A BIG SUCCESS

This year's Homecoming was definitely a busy one with activities taking place October 14th and October 15th.

A roast beef dinner sponsored by the French Club headed off the schedule of events on Friday evening.

Following this, a bonfire was held where a strenuous tug of war was held between the classes and faculty. The finals of this competition were held during half time of the boys' soccer game held under the lights that night. Fighting for the title were the class of 1987 vs. last year's winner, the class of 1984. The Freshman, full of power, managed to gain a victory over the Seniors.

A busy Saturday began with a girls' soccer game and swim meet in the morning hours. The afternoon brought music, cheers, floats, and smiling couples in fancy cars as the annual Homecoming Parade moved through the streets of Bath.

Honeyoye Falls Lima traveled to Bath to take on the Rams in our Homecoming Football game. When half time arrived, the fans were entertained by the Haverling Big Blue Marching Band, performing for the first time this season. By the judges' decision, the Seniors won the Float Contest. Kim Kiff, escorted by Chris Yatcko, was crowned our new Homecoming queen. Her court consisted of Karin Machuga, escorted by Kevin Proaper, B.J. Carpenter, escorted by Randy Bennett, and Missy Russell, escorted by Rich Anglehart. All these activities were surrounded by the aromas from the Seniors' chicken barbeque.

To end the busy day of events a dance was sponsored Saturday night with music by the Rogues. A large crowd full of energy, and excellent music contributed to a successful end of a memorable weekend.

HAVERLING SHOWS SPIRIT

This Fall's Pep Assembly provided the opportunity for the entire school to meet the teams and show our appreciation. We were also treated to a juggling act by the Soccer squad and a "mummy wrap" against the classes.

Our Winter Sport's Teams brought the school together again in December. After the teams were introduced, a faculty version of the "Family Feud" game took place. Our emcees Mr. and Mrs. Latour introduced us to Santa and Mrs. Claus and the Elf family, who were pitted against the Haverling Jocks team. The Jocks were victorious. Once again, the Cheerleaders thrilled us with their new routine.

CENTRAL

ICE WATER MANSION

Ice Water Mansion rocked our gymnasium for the students of Haverling and Hammondsport on December 3rd from 8-12. All night long, people were entertained by the music of Loverboy, Quiet Riot, ZZ Top, Iron Maiden, etc., and a few of the group's own songs, and by the actions of the extremely talented men on stage. Not only was it an exciting event for the students, it was a successful night for our Student Council, who made about $800 in profit. A sincere thank you goes out to Mr. Jones and Student Council for providing this evening of entertainment.

Dear Graduate:

When all the excitement of a senior year has evaporated into the routines of jobs, military, homemaking, or college, what is left? Memories of great moments of sports contests will linger; the excitement of Homecoming, the moment of recognition for academic achievement at a National Honor Society Induction or a commencement scholarship; a special dance — all these will remain, even if faded from the passing of time.

But what about the composition skills from an English classroom, the citizenship values from a social studies program, the math or science background needed for a career, the foreign language needed when traveling abroad, the job skills from a practical arts program, or the appreciation gained for a piece of music or art? Will there be a commitment to a healthy body and an enjoyment of lifetime sports?

As you move from the sheltered halls of Haverling and home, my hope is that much you have learned and experienced at Haverling — in the classroom and outside — will touch every facet of your lives, providing a basis for all kinds of future success — in your careers and marriage and communities.

For each of you, learning has not ended; it has just begun. It will be the most important ingredient of growth in your life. Even though the bells no longer ring, and classes no longer pass on schedule, and homework assignments are no longer given or collected from begrudging minds, I hope that you will continue to learn and grow as a human being — and experience for yourself all the excitement of continually expanding personal horizons. Be sure to stay in touch with your friends here. We care about what happens to you!

Very sincerely,

N. Stephen Castor

Seniors prepare to graduate.
Underclassmen look on enviously.
Summer nears.
The year will soon be no more than clippings in a scrapbook and wilted corsages . . .

But the year belongs to you!
It is yours to remember as a challenging and rewarding one.
Or yours to forget.
For many it was success, satisfaction, and good times.
For some it was hard work.
For a few — just a social whirl.
The year was what the individual made it.
But, now, for all of us — It's over.

FRIEND

What can I say to you, dear friend?
How can I make you see
That we won't be together much
Longer now,
And that you're important to me

We've shared great times
Through all the years
So many joys
But also tears

You were there for me
When I needed a friend
But there were times I thought
Our friendship would end

We've had our differences
I guess that's true
But we've managed to stay close
I guess we always do.

We've shared playgrounds and
Bus rides
And late evening walks
Many phone calls and dances
And some very long talks

We're seniors, we say
And proud of the fact
But as we march forward
We'll always look back

Back to the memories
We've shared in the past
Some we'll forget
But most will last.

GOOD-LUCK MY friend!

The 60 seconds of a minute
and the 24 hours of a day
tend much too often
to slip away.

But through the magic
of photography,
the moments of a brief
expression or gleam
of happiness
can be contained.

I hope and wish that my staff
and I have retained
a few brief moments for you
which will always
be cherished.

Andy

Andy,
I'm glad I got to know you this year. I hope we can always be good friends. Good luck on finals and have fun this summer.
